Facilities Update

December 11, 2019

Orcutt Union School District

Presentation by:
Bill Young, Assistant Superintendent - Business Services

Our Mission

Opportunities for learning are limitless. The Orcutt Union School District's mission is to nurture, educate, empower, and inspire our children to successfully navigate and thrive in an ever changing world.

Our Vision

As the heart of the communities we serve, the Orcutt Union School District will foster high levels of student success through multiple pathways of learning. By offering a world-class education, our district will lead the way in innovation and creativity, and will be known for its caring, collaborative and inclusive culture.

Where KIDS Come First!

Orcutt Union School District

Our Goals

High Quality Instruction: *We will provide and support engaging, high quality instruction, which promotes active learning and maximizes student achievement.*

21st Century Skills: *We will provide students with an innovative 21st century curriculum that will enable them to compete in a global society.*

Flexible Learning Environments: *We will create flexible learning environments that will encourage new delivery models and expand students' opportunities for learning.*

Whole Child: *We will provide a rich and diverse curriculum in a positive and safe atmosphere to address the needs of the whole child.*

Resources: *We will utilize our existing and future resources and explore new avenues to support the goals of our district.*
