## BUSINESS SERVICES MEMORANDUM

TO: Board of Trustees  
Deborah Blow, Ed.D.

FROM: Walter Con  
Assistant Superintendent Business Services

BOARD MEETING DATE: June 8, 2016

BOARD AGENDA ITEM: Resolution No. 1 Charter Education Protection Account (EPA) Requirements

BACKGROUND: Proposition 30, The Schools and Local Public Safety Protection Act of 2012, approved by the voters on November 6, 2012, temporarily increases the State's sales tax rate for all taxpayers and the personal income tax rates for upper-income taxpayers. Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012. The provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account (EPA) to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f).

Local Education Agencies (LEAs) such as school districts, county offices of education, and charter schools will receive funds from the EPA based on their proportionate share of the statewide LCFF amount. A corresponding reduction is made to a LEAs LCFF state aid equal to the amount of their EPA entitlement. LEAs will receive EPA payments quarterly in the 2016-17 Fiscal Year.

Nearly all of the increased revenue generated from Proposition 30 is used to pay K-14 expenses from the prior year and reduce delays in payments due to schools. Therefore, districts throughout California are estimating deferral payback funding which will allow for restoration of previous cuts imposed during the recession.

**2016-17 Education Protection Act**

The Proposition 30 initiative was intended to minimize deeper cuts to school agencies and other state-supported programs in California. In addition, Proposition 30 prohibits the Initiative's tax revenues allocated to K-12 agencies from being used for administrative costs. While all revenues raised by Proposition 30 are distributed to school districts, a significant share of those resources simply reduce the amount of other state funding that schools receive.

Before June 30 of each year, the State Director of Finance is required to estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year.

<b>Education Protection Account</b>	
<b>Estimated Funds</b>	
Calculation:	\$ 1,134,451
<b>Estimated Expenditures</b> <i>instruction, instructional library, media, and technology, guidance and counseling services, psychological services, attendance and social work services, health services, speech pathology and audiology services, custodians, plant services, and, pupil testing services.</i>	\$ 1,134,451
<p>Note: As per Article XIII, Section 36 of the California Constitution, the district will post an accounting of the actual money received from the EPA and accounts where the money was allocated when we receive the funds.</p>	

**RECOMMENDATION:**

Staff recommends the Board Adopt Resolution No.1, The Education Protection Account 2016-17, as presented above.

Re: Recommendation for Math Adoption for OAHS

---

## Background

As you know, the College Preparatory Mathematics (CPM) program was adopted by our school district for grades 6-8 for the current school year and beyond. The program has been successful this year. It is aligned with the Common Core State Standards, and students and teachers have found it to be rigorous, engaging, and well sequenced.

Meanwhile, for this entire school year, teachers in Orcutt Academy High School's Math Department opted to pilot CPM for three courses: Algebra 1, Geometry, and Algebra 2. CPM texts utilized were Core Connections Algebra, Core Connections Geometry, and Core Connections Algebra 2. The high school's experience has been similar to the rest of the district schools in that students and teachers have been pleased with CPM. Students appreciate the way the CPM curriculum calls for teamwork and collaboration in tackling challenging problems. Teachers appreciate the way the program provides spaced practice of essential concepts and skills. Helping facilitate the pilot has been OAHS math teacher Heather Penk, who is a certified CPM trainer.

Based on its experience piloting CPM in 2015-2016, the OAHS Math Department unanimously endorses CPM for official adoption for use in the school's Algebra I, Geometry, and Algebra 2 courses beginning in 2016-2017.

## Recommendation

Staff recommends that the district Board of Trustees approve the CPM program for adoption by OAHS.

## Fiscal Impact

The purchase of CPM student texts and teacher editions for OAHS will cost \$49,500. This will be taken out of the general charter budget.

Re: Request for Approval for MOU with San Luis Sports Therapy for Athletic Training Services for OAHS

---

## Background

Students, parents, coaches, and staff at Orcutt Academy High School have been very pleased to have athletic training services available to OAHS student athletes for the past three school years. Services have been provided by San Luis Sports Therapy, with Andrew Boortz assigned as the athletic trainer for OAHS this past year (Brennon King served as athletic trainer for the first two years). Mr. Boortz has worked under the supervision of Stacey Ritter, San Luis Sports Therapy's director of sports medicine and athletic training, and David Svetich, director of San Luis Sports Therapy's Orcutt clinic.

In his role as athletic trainer, Mr. Boortz has been available on campus each afternoon in the OAHS Weight Room, where he has office space and a training room. He has attended games/competitions and some team practices, treated injuries, implemented treatment and rehabilitation plans established by physicians, and worked with athletes and coaches on measures preventing injuries. He has developed a good rapport with students, parents, coaches, and staff. Both of us have received very positive feedback from students, parents, and coaches on both Mr. Boortz's performance and the availability of athletic training services.

All of this being said, San Luis Sports Therapy informed us in April that it would be asking for a dramatically higher fee from OAHS for athletic training services in 2016-2017. In our first three years, we have paid them \$15,000, \$18,000, and \$20,000. For 2016-2017, they are asking for \$42,500. (The organization's rationale for a higher fee is a change in "full time/exempt" calculations for overtime pay.)

In response to this request, we have made inquiries with two local physical therapy firms who provide athletic training services to local high schools. One firm has opted not to expand its presence in athletic training in the coming year; the other provided a rough quote in the amount of \$37,000 to \$45,000 but was unable to provide a firm quote. In addition, we have made inquiries about a possible sponsorship with a local healthcare provider but were unsuccessful.

Needless to say, our charter budget in no way can be compared to the budgets of the larger comprehensive high schools in our area, and it is unwelcome news to have to deal with such a substantial increase in athletic training services. Nevertheless, for the safety of our student athletes, we need to offer these services in association with our participation in interscholastic athletics.

## Recommendation

Staff recommends that the Board of Trustees approve the Memorandum of Understanding between Orcutt Academy High School and San Luis Sports Therapy for athletic training services for the 2016-2017 school year. The recommendation is based on satisfactory past experience with San Luis Sports Therapy, the presence of a quality athletic trainer (Andrew Boortz) who would continue at OAHS next year, and the inability of other local firms to offer a lower quote for services. Along with this recommendation, staff propose to use the 2016-2017 school year to conduct thorough research on other providers, potential donors or sponsors, and/or any other options that would enable us to reduce the cost of athletic training services in 2017-2018.

The MOU is simply an updated version of the MOU the two parties have had in place for the past three school years.

## Fiscal Impact

For athletic training services for 2016-2017, the Orcutt Academy general charter budget will pay San Luis Sports Therapy \$42,500 plus hourly compensation for any games/competitions on weekends or holidays. The OAHS Athletic Boosters will continue to fund supplies for the trainer.

**MEMORANDUM OF UNDERSTANDING**
