Board Agenda Item: Local Control Accountability Plan (LCAP)

Background: In association with the state's new Local Control Funding Formula (LCFF) for funding education, school districts and charter schools are required to develop a **Local Control and Accountability Plan (LCAP)**. Education Code 52060 requires school districts to develop the plan which must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code 52052, including students with disabilities, for each of the state priorities and any locally identified priorities.

Development of the LCAP has included multiple stakeholder groups over the past six months. The process included alignment of the state's eight identified priorities with the Orcutt Union School District's Board of Trustee's goals and core values. District needs were identified through the collection and analysis of data, including online surveys of stakeholder groups, for each of the state's identified priorities, and specific feedback was given for each. The result of this work culminated in the development of eight goals for the Orcutt Union School District which are listed in the LCAP along with information on actions, services, and expenditures for each goal.

Recommendation: It is recommended the Board of Trustees approve the Local Control and Accountability Plan for the Orcutt Union School District.
