The focus is on making sure every student masters the essential skills identified by the teachers. Staff "buy-in" is essential for this process to be successful. Some of the pieces being put in place to assist students and staff are Compass Learning's Odyssey program, Aeries Analytics which will allow teachers to analyze live data from their classes and schools, Pre-Algebra Readiness Program, embedded PLC time at the school sites and site visits to similar schools also participating in the PLC process. Each principal was asked to share where their staff is in relationship to any of these areas. The Board members had the opportunity to comment on the information presented during the evening. To: Parents of Third Grade Students

The DICTIONARY PROJECT is designed to aid third grade teachers in their goal to help students leave at the end of the year as good writers, active readers, and creative thinkers. Our purpose is to provide third grade students in the community with their own personal dictionary. The dictionary is for the children to keep, so they can take it with them into the fourth grade and use it throughout their school career.

A dictionary is perhaps the first and most powerful reference tool a child can own. Its usefulness goes beyond the spellings, pronunciations and definitions it lists. It is a companion for solving problems that arise as a child develops his or her reading, writing, and creative thinking abilities. Students also benefit from an increased self-reliance and resourcefulness inspired by the maxim, "look it up." Teachers benefit by knowing that their students have consistent access to a tool for homework and for in-class explorations. The project is an opportunity for children to expand their vocabulary and for many to actually own a dictionary.

We feel a child cannot do his or her best work without a dictionary. Children deserve the best teachers and resources. We wish your child a future of positive experiences in their reading and writing and many successes in their school career.

Sincerely,

The Rotary Club of Santa Maria/Noontime
