

Subtraction in a Row Subtraction Level 1

Materials: Game board, 2 dry erase markers, two counters.

Rules: Be the first player to get 4 counters in a row (vertical, horizontal or diagonal)

- 1) The first player chooses two numbers on the bottom strip. Use counters to mark the numbers. Use these numbers to complete the math sentence. Mark your initial on the square for the difference.
- 2) The second player moves one of the counters from the bottom strip to another number. The counters can be on the same number. Use the two numbers to complete the number sentence. Player 2 marks with his/her initials the difference.
- 3) Play continues until one player has marked four numbers in a row, column or diagonal.

0	3	4	5	1
3	2	1	3	2
0	3	2	4	4
1	4	1	2	3
2	5	0	1	2

0	1	2	3	4	5
---	---	---	---	---	---

"The difference between _____ and _____ is _____."
