

Instructions (Steps):	Screenshots:
<p>Turn on the iPad and open the Settings app.</p>	
<p>Once in the Settings app, scroll down on the left side until you see the Safari option.</p> <p>Tap the Safari Option.</p> <p>In the Safari menu on the right, locate the “Block Pop-ups” toggle. Turn this to the off position as shown in the screenshot.</p>	

If the above steps fail, please submit a tech ticket and we will fix your issue as soon as possible.
